# Marina Danich

Trainee Python Developer

SUMMARY

A young and ambitious graduate of Python programming courses, ready to contribute to the innovative IT field. I have a strong desire for professional growth and a willingness to actively learn.My Python knowledge covers the basic constructs of the language, including data structures, conditions, loops, and functions.

My best qualities include responsibility, discipline, and ability to work in a team.I am ready to bring my enthusiasm and help in solving the tasks of your team.
